CALIFORNIA SURF MUSEUM

Respect and admiration for surf culture is strong in Oceanside, and for good reason. Drive along the coast and you're sure to see surfers out on the water, or even a major surfing competition taking place. The city is the perfect home for the authority on all things surf: the **California Surf Museum**! Learn from surf historians as you explore rotating exhibits on both surf culture and historical advances, in addition to permanent collections; the most popular of which features Bethany Hamilton's shark-bitten surfboard, made famous in the film *Soul Surfer*.

HISTORIC LANDMARKS

Oceanside's many iconic landmarks include the **Junior Seau Pier Amphitheatre** and the **Oceanside Pier**—whose silver screen credits include the hit Netflix film *Purple Hearts* and TNT's popular series *Animal Kingdom*. However, nothing says Hollywood quite like the recently restored **Graves House** featured in the iconic film, *Top Gun*. "Talk to me, Goose!"

A walk around town wouldn't be complete without a stroll through the whimsical white buildings of **Oceanside Civic Center Plaza**. Designed by architects Irving Gil and Charles Moore, it's the epitome of SoCal postmodern architecture.

The best memories are those we experience together

The fam - oceanside, CA

“I want to return to this place every year. It's a one minute walk down a quiet road to the best sandy beach in Oceanside. We enjoyed a nice walk down to the pier and plenty of nearby restaurants and shops at the harbor. The condo worked perfectly for our group of 8 (4 adults and 4 kids). The kids stayed upstairs in the bunk room, while the 2 adult couples each had their own comfortable room. Great patios on both levels and plenty of space inside to enjoy the evenings (we spent all day on the beach). Very easy check-in process and parking. Heated pool and jacuzzis on the property are a bonus. Overall awesome stay, would book again and recommending to our friends.
