"This report summarizes vacation break dates for the 2021-22 academic year for a sample of U.S. public school districts and universities. Due to the COVID-19 pandemic's impact on school calendars, a significant effort was made to collect the most recent school calendar available. All college calendars and K-12 public school district calendars that are presented in this report were collected as of May 2021 or later. In cases where remote classes ("e-Learning") may affect students' travel availability, a special note has been made in the "Notes" column and affected dates may be highlighted. This report is designed as a forward-looking planning tool for destinations and lodging properties, and has proven to be an effective resource for anticipating future leisure demand and lodging occupancy patterns."
